North America, Europe, SE Asia

Milestones

2011 Founded in Tai'an; full production within three months

2013 Line expansion doubles capacity

2017 New plant in Xinxing Industrial Park

2019 Automated line from production through packing

2022 Baked plant 1.0, low-temperature baking

2024 Baked plant 2.0: freeze-baking, functional kibble, 5-ton fresh-meat baking line

2025 Extrusion plant 2.0: crispy and fresh-steamed food, 5-ton extrusion line

Testing

Checks at five points: raw materials, start of production, in process, finished product and third-party testing. The lab tests protein, fat, fibre, ash, moisture, calcium and phosphorus; histamine, cadaverine, putrescine, acid value, peroxide value and volatile basic nitrogen; microbiology, toxins, 218 pesticide residues and 260 medium-risk compounds.

Services

Product development with the factory's R&D team, production support, finished-goods storage with drop shipping on request, and marketing support such as factory visits and live streams.

Figures and milestones are from Taichong Pet Food's company brochure.

DRY FOOD

Six kinds of dry food, each on its own process

Extruded food

Extrusion and enzymatic hydrolysis. The fresh-meat line takes recipes with up to 70% fresh meat.

Crispy food

Dual extrusion and emulsification.

Baked food

Low-temperature vacuum baking.

Freeze-baked food

A dedicated freeze-baking process.

Functional kibble

Egg yolk and goat milk coating over a baked core.

Fresh-steamed food

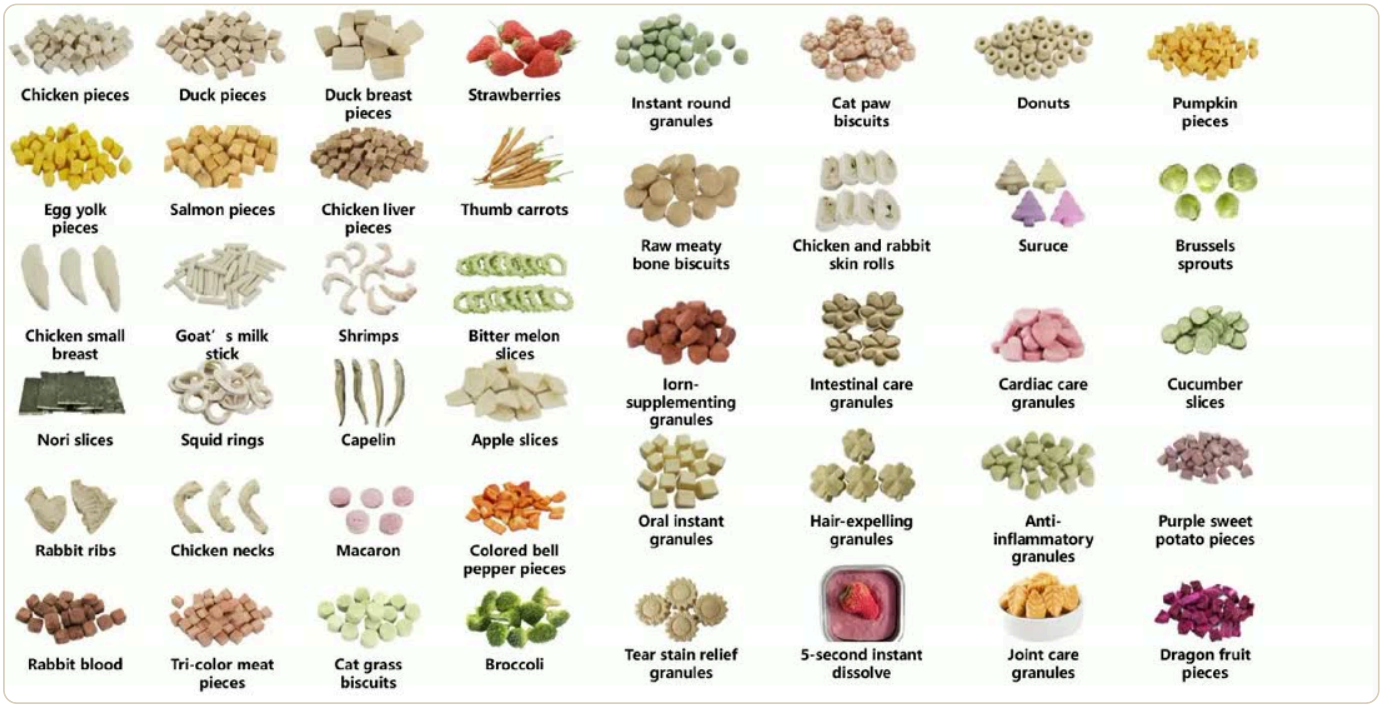

A fresh-steaming process instead of extrusion.

TREATS

Freeze-dried and air-dried treats

Freeze-dried treats

Meat, fish, egg yolk, fruit and vegetable pieces, plus functional granules.

Air-dried treats and chews

Chicken- and duck-wrapped rawhide, twists, knotted bones, donuts and press bones.

CERTIFICATES

Certificates of Taichong and its sister plant

HACCP

Taichong · SGS

BRCGS

Taichong · SGS

ISO 22000

Taichong · DQS

ISO 9001

Taichong · DQS

FDA registration

Taichong · Registrar Corp

Halal (SHC)

Sister plant Guochong

Halal, GSO 2055-1

Sister plant Guochong

FSSC 22000

Sister plant Guochong

Brochure copies. HACCP is valid to July 2027 and both Halal certificates to March 2028; the others have been renewed, and current copies come with your quote. Halal, GSO 2055-1 and FSSC 22000 are held by the sister plant Shandong Guochong Pet Food in the same group.

BUYING

How buying works, and how you are protected

Contract	Signed with Tai'an Taichong Pet Food Co., Ltd. Business licence and unified social credit code sent before you sign.
Samples	Free; you pay only the courier freight on your own DHL or FedEx account. A small trial order is welcome first.
Minimum order	No fixed minimum order for food and treats; quantities are discussed for each order.
Payment	30% deposit to start production; 70% against the bill of lading copy. Bank transfer to the factory's company account named in the contract only.
Quality check	Goods checked at the factory against your approved sample before shipment, with photos. Your own inspector (SGS, Intertek, Bureau Veritas, QIMA) is welcome at your cost.
After arrival	A quality problem that is the factory's responsibility under the contract and inspection records is made good by replacement goods or a credit on your next order.
Your contact	Ming Ma replies within 24 hours on working days, in English or Chinese. He works on the factory side; you pay him nothing.

Request samples or a quote

Send the product, your market, the quantity in mind and your timeline.
